

Culsen Travel Newsletter Sept 07

Caribbean Update

Welcome to Culsen Travel's Autumn Newsletter. We are happy to advise that following the Caribbean's recent brush with Hurricane Dean, things have quickly returned to normal for the islands of Jamaica & St Lucia. All roads & beaches have been cleared and all hotels are operating as normal in St Lucia & in the popular holiday areas of Jamaica including Montego Bay, Ocho Rios & Negril, and both islands are back for business as usual. So for those of you who didn't get away for the summer, there has never been a better time to book a Caribbean holiday. With the pound still strong against the dollar, and many hotels and airlines promoting special offers it means a Caribbean holiday is cheaper than ever. So why not book a break before winter, get away for Xmas, or book early for your 2008 holiday so you can fit it into your monthly budget? Take a look at some of our best offers & upcoming Caribbean events & contact us to book!
